Downloadterminal 1

- **Update Version 3.5.3.0 - Windows 7 Compatibility**

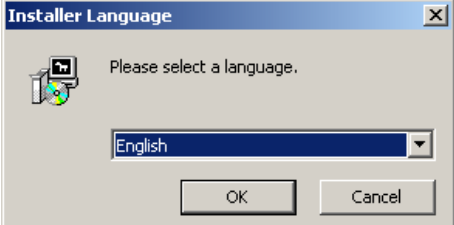

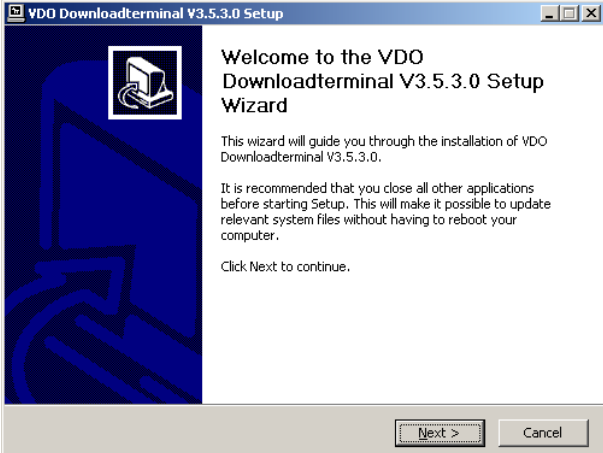

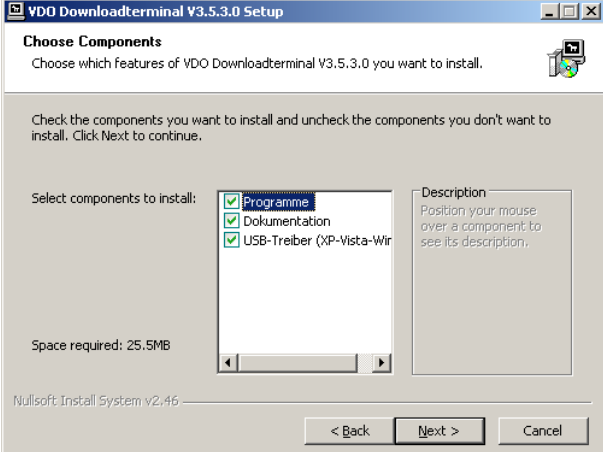

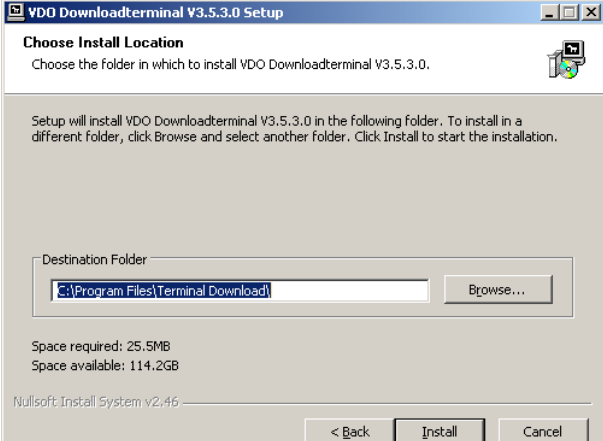

This update of the Downloadterminal (version 3.5.3.0) will now operate perfectly with the Windows XP, Windows Vista 32-bit and Windows 7 (32/64-bit) operating systems and with the Windows Server 2008 (32/64-bit).

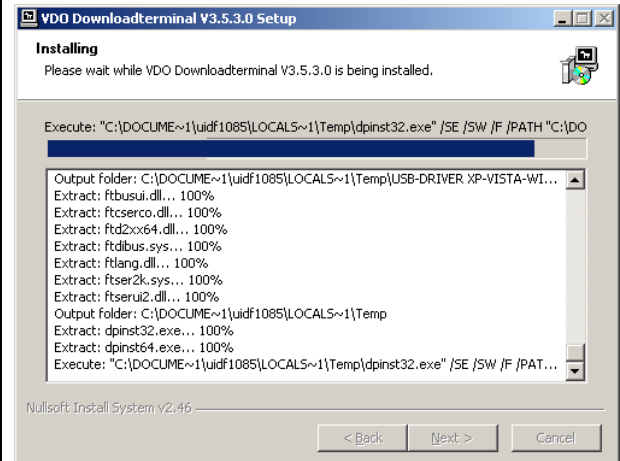

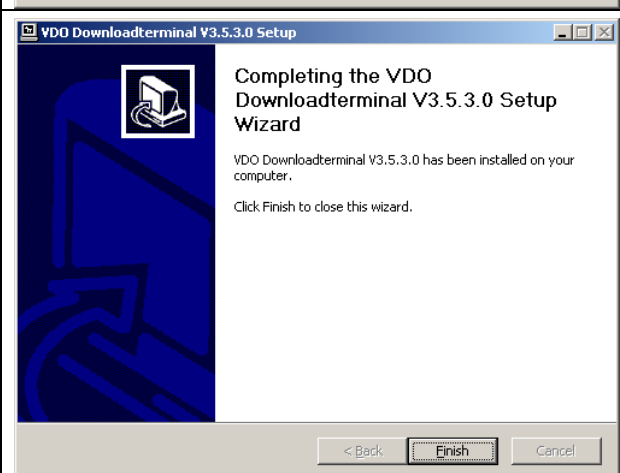

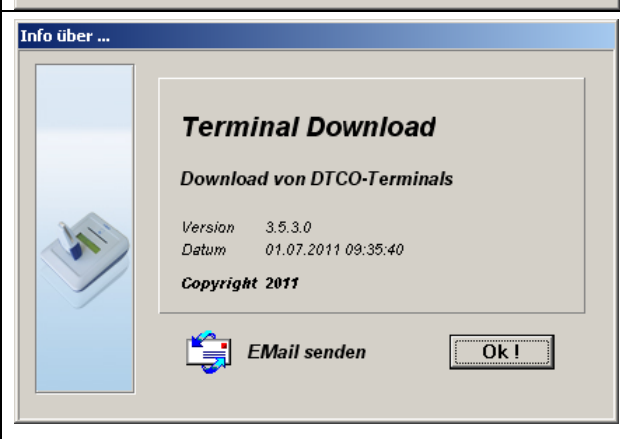

Notes

- Regardless of the version you use, you can directly install version 3.5.3.0. It is not necessary to install or uninstall any previous versions. Your settings will be retained and applied.
- Please note that when installing a new version you must proceed in the same way as if you are installing the software for the first time.
- In both cases (update or new installation) you must have administrator rights and be entitled to install programs when installing the **VDO Downloadterminal** software.

Description of the steps involved / version 3.5.3.0 update installation

Unpack the file CD-2011-07-01-Version 3.5.3.0.zip	Click on "Setup.exe"
 <p>The dialog box titled "Installer Language" prompts the user to "Please select a language." A dropdown menu shows "English" selected. There are "OK" and "Cancel" buttons at the bottom.</p>	Please select a language
 <p>The "Welcome to the VDO Downloadterminal V3.5.3.0 Setup Wizard" screen. It includes a graphic of a hand holding a CD. Text: "This wizard will guide you through the installation of VDO Downloadterminal V3.5.3.0. It is recommended that you close all other applications before starting Setup. This will make it possible to update relevant system files without having to reboot your computer. Click Next to continue." A "Next >" button is at the bottom right.</p>	Click on [Next >] to continue the installation procedure.
 <p>The "Choose Components" screen. It asks to "Choose which features of VDO Downloadterminal V3.5.3.0 you want to install." It lists components: "Programme", "Dokumentation", and "USB-Treiber (XP-Vista-Wir)" with checkboxes. "Programme" and "Dokumentation" are checked. A "Description" box on the right says "Position your mouse over a component to see its description." It also shows "Space required: 25.5MB". At the bottom are "< Back", "Next >", and "Cancel" buttons.</p>	Choose Components Check the components you want to install Click on [Next >] to continue the installation procedure.
 <p>The "Choose Install Location" screen. It asks to "Choose the folder in which to install VDO Downloadterminal V3.5.3.0." It shows the default "Destination Folder" as "C:\Program Files\Terminal Download\" with a "Browse..." button. It also shows "Space required: 25.5MB" and "Space available: 114.2GB". At the bottom are "< Back", "Install", and "Cancel" buttons.</p>	Select the destination path or retain the standard setting. If a previous software version is already installed, select the existing folder. Click on [Install >].

	<p>Installing, please wait ...</p>
	<p>The Setup finished window will be displayed.</p> <p>Click on [Finish] to finish the installation procedure.</p>
	<p> Note: When installation finished, You must start the program and install the service!</p> <p>Installation control</p> <ul style="list-style-type: none"> Click on Program „VDO Downloadterminal“ Display of version [Help] > [Info about...] <p>Close the window with [OK].</p>
